## Sunbury Heights project managers

**Moscow,  
07.03.08**

AMD Russia employed Sunbury Heights as project and cost managers for our new Moscow headquarters project. I am pleased to say that we were very satisfied by the hard work and dedication shown by the Sunbury Heights team, led by our assigned project manager Ekaterina Safronova.

The level of expertise demonstrated by the company, from project manager to assistants to engineers, quality and cost control specialists, enabled us to concentrate on our core business and leave the challenges of design and construction to a team in which we had complete confidence.

While we understand that the construction market in Moscow had throw up many obstacles to successful and timely completion, with Sunbury Heights in the driving seat we were able to arrive at our new office within our targetted timescales, on budget and at a great quality.
